OUR MANIFESTO
Cultivating an Ecology of Love
Eco-Sisterhood begins exactly where you are.
Here. Now.
Eco-Sisterhood grows from knowing that everything is connected.

We belong to one another and to the Earth.
Eco-Sisterhood calls for courage to reach into the space between.

To open our hearts and eyes to the people and world around us.
Eco-Sisterhood asks us to feel deeply and listen to our heartfelt longings. It inspires us to grow in authenticity, vulnerability and integrity in every thought, word and action.
Eco-Sisterhood ignites agency.

Our choices matter deeply when we understand where we have come from and what is ours to do.
Eco-Sisterhood stirs our imagination and invites us to dance with the mystery of Life.
Eco-Sisterhood has the power to spark revolution; to birth a new way of Being from a place of connection and compassion.
Eco-Sisterhood calls us by our name. It celebrates our unique self.

YOU are the offering.
Eco-Sisterhood...

Together, we have what the world needs.
